Commentary: The Witness for Justice Begins at Home
Rev. Traci Blackmon

On February 1, 1960, four North Carolina A&T University students who were deeply disturbed by the tortuous murder of Emmett Till sat down at the Woolworth’s lunch counter in downtown Greensboro, NC, challenging the restaurant’s “whites only” policy. Denied service, the four young men—Ezell Blair Jr., David Richmond, Franklin McCain, and Joseph McNeil— refused to give up their seats. The Greensboro Four, as they came to be known, followed the nonviolent practices of Mohandas Gandhi and civil rights activists, ignoring the violent provocation of local law enforcement and customers. They stayed seated until the restaurant closed, then returned the next day with more students from area colleges.

Time to get your church records up to date!

UCC Yearbook reporting opened January 8, 2020, and it is important that your church report current and accurate membership information.
The membership number is used to determine the amount of dues that your church gives to your association and the Vermont Conference.

Your church number includes the Vermont Conference number which is 82. Therefore, your complete church number (including zeroes) is 82xxxx.

Update on Puerto Rico earthquake

Here is a small report received Jan. 20th, from Lydia Rosaly, our on the ground coordinator, who lives in Ponce, one of the towns hit by the recent earthquakes:

"The aftershocks are continuing - around 3 or 4 a day registering 4.0. There are still thousands of people sleeping outside their houses and thousands of refugees in camps..."

Gun Violence Task Force

In 2020 there is a push in the Vermont Legislature to pass bills aimed at reducing Vermont’s suicide rates. More than 100 people in Vermont take their own lives in most years. A person’s decision to take their own life is a terribly tragic permanent solution to what may be a temporary problem or a solvable situation. It devastates families and communities; we can reduce these unnecessary deaths.

Dear Friends:

I am a pretty optimistic person, by nature, but I find myself, as I write, very uneasy about the future of our democracy. I am not a great student of history, but I do realize that there have been very unpleasant and uncivilized periods in our history over the years. That said, should not our goal be never to “go there” again, as opposed to diving right in. We are sadly in need of a spiritual revolution.
